1 GENERAL POLICY

1.1 Introduction

The following Credit Guidelines establish standards and criteria in which a loan will be eligible for origination under the Axos Bank Closed End Second Mortgage Program (the "Program"). These Guidelines are designed to help understand how risk is assessed and to understand program specifics and process flow. Loans not closed with a simultaneous 1st lien (aka, a "stand alone") must follow Fannie Mae DU / Freddie Mac LP or Manual underwriting requirements plus the below overlays.

If these Guidelines are silent on a given subject, please refer to Fannie Mae, Chapter B3-1, Manual Underwriting Guidelines for the 2nd lien product.

The Credit Guidelines provide detailed requirements for eligibility but do not obligate Axos Bank (the "Lender") to originate a loan even if it satisfies these requirements. Compliance with these guides does not create a commitment by the Lender. The Lender has sole discretion to originate any loans.

State and Federal specific regulatory requirements supersede all underwriting guidelines set forth by the Lender.

Responsibilities:

Credit Guidelines must be interpreted and applied in a manner that complies with the laws and regulations established by the Consumer Financial Protection Bureau (CFPB) and any other applicable laws and regulations.

There is a no-tolerance policy as it relates to fraud. Established fraud and identity procedures for every loan will be utilized to prevent and detect fraud (including, but not limited to, Social Security Number Verification, verbal verifications of employment, processing of 4506-C, USPS, OFAC, AML and any other Exclusionary Lists). Loans containing fraudulent documentation or information will not be eligible. Any determination of involvement and/or knowledge of misrepresentation will result in the dissolution of any business relationship. The appropriate agencies will be notified.

Additional requirements:

- Deviations from the underwriting guidelines based on compensating factors may require an exception and are required to be documented in the loan file.
- Negative Amortization Feature or Equity Participations are not permitted.
- U.S. territory loans are not allowed. Properties must be in the United States.
- Manufactured housing or unique property types, including without limitation, condotels, timeshares, agricultural properties, log homes or geodesic domes are not permitted. Mortgage loans may not finance builder inventory.
- With respect to each Mortgage Loan, (1) each Mortgagor is a natural person and (2) at the time of origination, the Mortgagor was legally entitled to reside in the United States
- Occupancy - information contained within the Mortgage Loan File, will be evaluated to determine whether the occupancy status of the related Mortgaged Property as represented by the Mortgagor is reasonable

Ability-to-Repay (ATR):

The Ability-to-Repay (ATR) Rule is the reasonable and good faith determination that a borrower can repay the loan. Under the rule, the borrower's income, assets, employment, credit history and monthly

expenses must be documented, and certain affordability calculations must be performed during the underwriting process. All closed end mortgages secured by a dwelling, regardless of loan purpose, occupancy, or lien position are subject to this section.

A reasonable, good-faith determination must be made before a loan is closed that the borrower has a reasonable ability to repay a loan. Documentation that the ATR has been met and the borrower's ATR Attestation are required. The following eight (8) underwriting factors, including proper underwriting documentation, must be evaluated using reasonably reliable third-party records:

- Current or reasonable expected income or assets
- Current employment status
- Monthly payment on the loan (calculated on the higher of the introductory rate or fully indexed rate; the maximum payment scheduled during the first five years)
- Monthly payment on secondary financing
- Monthly payment for mortgage-related obligations, such as property taxes and insurance, HOA dues, and ground rent
- Current debt obligations, alimony, and child support
- Monthly debt-to-income ratio or residual income, and
- Credit history

Compliance:

- No section 32 or High Cost
- Loans must comply with all applicable federal and state regulations
- Higher-Priced Mortgage Loans (HPML) and Higher-Priced Covered Transactions (HPCT) are permitted subject to complying with all applicable regulatory requirements. All HPML and HPCT loans require proof of an established escrow account for the first mortgage lien

PURCHASER RESERVES THE RIGHT TO ALTER, MODIFY, SUPPLEMENT AND/OR WITHDRAW ANY PORTION OF THESE GUIDELINES AT ANY TIME OR FROM TIME TO TIME. PURCHASER MAY FROM TIME TO TIME IMPOSE CREDIT AND/OR PROGRAMATIC OVERLAYS WITH RESPECT TO ANY LOANS TO BE SUBMITTED FOR PURCHASE UNDER THE PROGRAM. PURCHASER SHALL IN NO EVENT BE REQUIRED TO PURCHASE, OR BE DEEMED TO HAVE AGREED TO PURCHASE, ANY PARTICULAR LOAN IRRESPECTIVE OF WHETHER SUCH LOAN CONFORMS TO THE REQUIREMENTS SET FORTH HEREIN.
